CELLINI MOONPHASE

## CELLINI MOONPHASE

39 MM, 18 CT EVEROSE GOLD, POLISHED FINISH

The Cellini collection celebrates the eternal elegance of traditional timepieces with a contemporary touch; the name was inspired by the Italian Renaissance artist, Benvenuto Cellini. This collection combines the best of Rolex know-how and its high standards of perfection with an approach that heightens watchmaking heritage in its most timeless form. The lines of the Cellini models are sober and refined, the materials noble, the finishings luxurious: every detail respects the codes of the art of watchmaking.

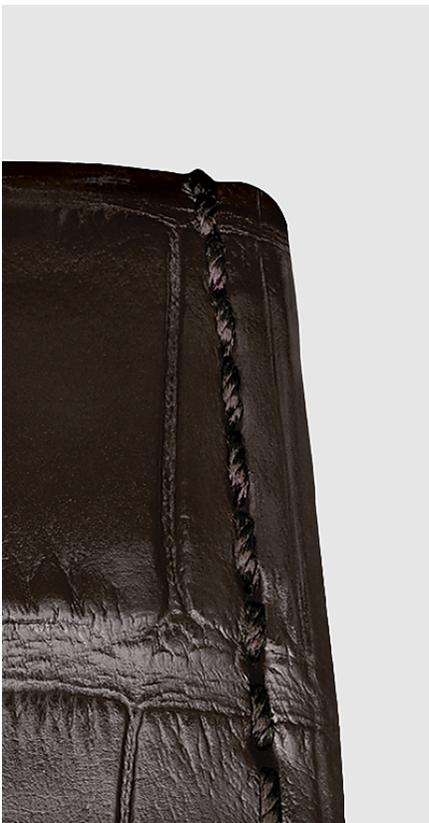

## EVEROSE GOLD

To preserve the beauty of its pink gold watches, Rolex created and patented an exclusive 18 ct pink gold alloy cast in its own foundry: Everose gold. Introduced in 2005, 18 ct Everose is used on all Rolex models in pink gold.

## WHITE DIAL

The Cellini Moonphase has a white lacquer dial with a blue enameled disc at 6 o'clock showing the full moon and the new moon, the former depicted by a meteorite applique and the latter by a silver ring. The moonphase is read via the indicator set at 12 o'clock on the subdial, as the full moon and new moon rotate through the lunar cycle. The Cellini Moonphase also displays the date around the circumference of the dial, via a centre hand with a crescent moon at its tip.

## A LEATHER STRAP

The Cellini Moonphase is fitted on a brown alligator leather strap with a folding Crownclasp in 18 ct Everose gold, a first for a Cellini model.

## REFINED GUARDIAN OF TIME

The Cellini collection celebrates the most fascinating and exalting facets of watchmaking tradition. Here, elegance and nobility are absolute. The cases are available exclusively in 18 ct white or Everose gold cast by Rolex in its own foundry.

Their round shape and classic 39 mm diameter are marks of tradition, while the refined lugs, the polished finish and the double bezel – one domed and the second delicately fluted – add a touch of distinction.

The dials also bear witness to know-how and tradition. They are either lacquered or embellished with a black or a silver-plated classic “Rayon flammé de la gloire” guilloché motif, and adorned with gold applique hour markers. In the purest traditional style, these watches are available only with black or brown leather straps and with an 18 ct gold buckle.

## ELEGANCE AND NOBILITY

The round shape and classic 39 mm diameter of the Cellini Moonphase are marks of tradition, while the refined lugs, the polished finish and the double bezel – one domed and the second delicately fluted – add a touch of distinction. The lines are sober and refined, the materials noble, the finishings luxurious: every detail respects the codes of the art of watchmaking, marking a return to the sources of classicism reinterpreted in perfect harmony with its time. Faceted and shaped like a two-edged sword, the hands count off each second, each minute and each hour with the full precision of the self-winding chronometer movement at the heart of this prestigious timepiece.

## MODEL CASE

---

### MODEL CASE

39 mm, 18 ct Everose gold, polished finish

### DIAMETER

39 mm

### MATERIAL

18 ct Everose gold

### BEZEL

Double bezel, domed and fluted

### WINDING CROWN

Flared screw-down winding crown with Rolex emblem

### CRYSTAL

Domed sapphire crystal

### WATER-RESISTANCE

Waterproof to 50 metres / 165 feet

## MOVEMENT

---

### MOVEMENT

Perpetual, mechanical, self-winding

### CALIBRE

3195, Manufacture Rolex

### PRECISION

-2/+2 sec/day, after casing

### FUNCTIONS

Centre hour, minute and seconds hands.  
Moonphase at 6 o'clock. Date display via  
centre hand

### WINDING

Bidirectional self-winding via Perpetual rotor

### POWER RESERVE

Approximately 48 hours

## BRACELET

---

### BRACELET

Leather strap

### BRACELET MATERIAL

Tobacco leather

### CLASP

Folding Crownclasp

## DIAL

---

### DIAL

White

## CERTIFICATION

---

### CERTIFICATION

Superlative Chronometer (COSC + Rolex  
certification after casing)
