ROLEX

IS INTRODUCING THE LATEST CREATIONS
IN ITS

OYSTER PERPETUAL COLLECTION

This year, a new 42 mm model joins the Yacht-Master range of sailing watches: the Oyster Perpetual Yacht-Master 42. The Oyster Perpetual Sea-Dweller is introduced in a yellow Rolesor version (combining Oystersteel and 18 ct yellow gold), while the Oyster Perpetual GMT-Master II in Oystersteel with a Cerachrom bezel insert in blue and black ceramic is fitted with a Jubilee bracelet and the new-generation calibre 3285. The Oyster Perpetual Day-Date 36 is presented with novel dials, in particular those in decorative stone, and houses the new-generation calibre 3255. The Oyster Perpetual Datejust 36 and the Oyster Perpetual Datejust 31 in yellow, white or Everose Rolesor versions are proposed with new, refined dials.

THE WATCH OF THE OPEN SEAS

OYSTER PERPETUAL
YACHT-MASTER 42

Sleek and distinguished,
the Oyster Perpetual Yacht-Master 42,
like the rest of the Yacht-Master range,
celebrates the ties between Rolex
and the world of sailing.

OYSTER PERPETUAL
YACHT-MASTER 42

Rolex is extending its Yacht-Master range with a new 42 mm model, the Oyster Perpetual Yacht-Master 42.

Yacht-Master sailing watches are recognizable thanks to their distinctive bidirectional rotatable bezel with a raised 60-minute graduation. The Yacht-Master 42 is fitted with a Cerachrom insert in matt-black ceramic that perfectly complements its black lacquer dial. Created from 18 ct white gold, this new watch heralds the arrival of this precious metal on a Yacht-Master model. The light reflections on the case sides and lugs highlight the profile of the Oyster case.

Like all Rolex Professional watches, the Yacht-Master 42 offers exceptional legibility in all circumstances, and especially in the dark, thanks to its Chromalight display. The broad hands and hour markers are filled with a luminescent material emitting a long-lasting glow.

This new model is equipped with calibre 3235 – at the forefront of watchmaking technology – a first for the Yacht-Master range.

Like all Rolex watches, the Yacht-Master 42 carries the Superlative Chronometer certification, which ensures excellent performance on the wrist.

THE WATCH OF THE DEEP

OYSTER PERPETUAL
SEA-DWELLER

The Oyster Perpetual Sea-Dweller,
an ultra-resistant tool watch, has played
a vital role in the conquering of the deep.

OYSTER PERPETUAL
SEA-DWELLER

A yellow Rolesor version (combining Oystersteel and 18 ct yellow gold) of the Oyster Perpetual Sea-Dweller brings 18 ct yellow gold to the Sea-Dweller range for the first time.

On its black dial, the inscription “Sea-Dweller” is in yellow, mirroring the 18 ct yellow gold. When the Sea-Dweller was updated in 2017, this lettering was in red, in reference to the original model. The light reflections on the case sides and lugs highlight the profile of

the Sea-Dweller’s 43 mm Oyster case, which features a unidirectional rotatable bezel with a 60-minute graduated Cerachrom insert in black ceramic.

This new version is equipped with calibre 3235, at the forefront of watchmaking technology.

Like all Rolex watches, the Sea-Dweller carries the Superlative Chronometer certification, which ensures excellent performance on the wrist.

THE COSMOPOLITAN WATCH

OYSTER PERPETUAL
GMT-MASTER II

Designed to display the time in two different time zones simultaneously, the Oyster Perpetual GMT-Master II is an ideal watch for criss-crossing the globe.

OYSTER PERPETUAL
GMT-MASTER II

The Oyster Perpetual GMT-Master II is presented in Oystersteel, with a Jubilee bracelet and a bidirectional rotatable bezel with a two-colour 24-hour graduated Cerachrom insert in blue and black ceramic. The light reflections on the case sides and lugs highlight the profile of the 40 mm Oyster case.

This new version is equipped with calibre 3285, at the forefront of watchmaking technology, first introduced on the Oyster Perpetual GMT-Master II in 2018.

Like all Rolex watches, the GMT-Master II carries the Superlative Chronometer certification, which ensures excellent performance on the wrist.

BASELWORLD 2019

THE WATCH OF PRESTIGE

OYSTER PERPETUAL
DAY-DATE 36

Like all models in the prestigious Day-Date range, the Oyster Perpetual Day-Date 36 is made only of precious metals. In addition to the date, it indicates the day of the week spelt out in full in a window on the dial.

OYSTER PERPETUAL
DAY-DATE 36

The new generation of the Oyster Perpetual Day-Date 36 is available in 18 ct yellow, white or Everose gold with distinctive new dials.

Of the new combinations, two feature a novel dial design with a concentric gradient: the first, in 18 ct yellow gold, is presented with a green ombré dial; the second, in 18 ct Everose gold, with a brown ombré dial. Both are embellished with diamond hour markers in 18 ct gold settings; the diamonds at 6 and 9 o'clock are baguette-cut, a configuration specific to the Day-Date range. Another version in 18 ct white gold is fitted with a pink opal dial and enhanced by shimmering hour markers with Roman

numerals VI and IX in 18 ct white gold set with diamonds. The bezel is adorned with 52 brilliant-cut diamonds. The light reflections on the case sides and lugs highlight the elegant profile of the 36 mm Oyster case.

All the new versions are equipped with calibre 3255, at the forefront of watchmaking technology, included on the Oyster Perpetual Day-Date 36 for the first time.

Like all Rolex watches, the new Oyster Perpetual Day-Date 36 versions carry the Superlative Chronometer certification, which ensures excellent performance on the wrist.

THE WATCH WITH EVERLASTING APPEAL

OYSTER PERPETUAL
DATEJUST 36

The Oyster Perpetual Datejust 36 is the archetype of the classic watch thanks to its elegance and aesthetics that never go out of fashion.

OYSTER PERPETUAL
DATEJUST 36

Two new variants of the Oyster Perpetual Datejust 36 are introduced to the Datejust range – both white Rolesor versions (combining Oystersteel and 18 ct white gold).

The first version has a refined, black sunray-finish dial and fluted bezel, while the second combines a white mother-of-pearl dial with 10 diamond hour markers in 18 ct white gold settings and a bezel set with 52 brilliant-cut diamonds. The light reflections on the case

sides and lugs highlight the elegant profile of the 36 mm Oyster case.

Both watches are equipped with calibre 3235, at the forefront of watchmaking technology, first introduced on the Oyster Perpetual Datejust 36 model in 2018.

Like all Rolex watches, the new Datejust 36 versions carry the Superlative Chronometer certification, which ensures excellent performance on the wrist.

THE WATCH WITH ENDURING ELEGANCE

OYSTER PERPETUAL
DATEJUST 31

The elegance of the Oyster Perpetual
Datejust 31 has everlasting appeal.

OYSTER PERPETUAL
DATEJUST 31

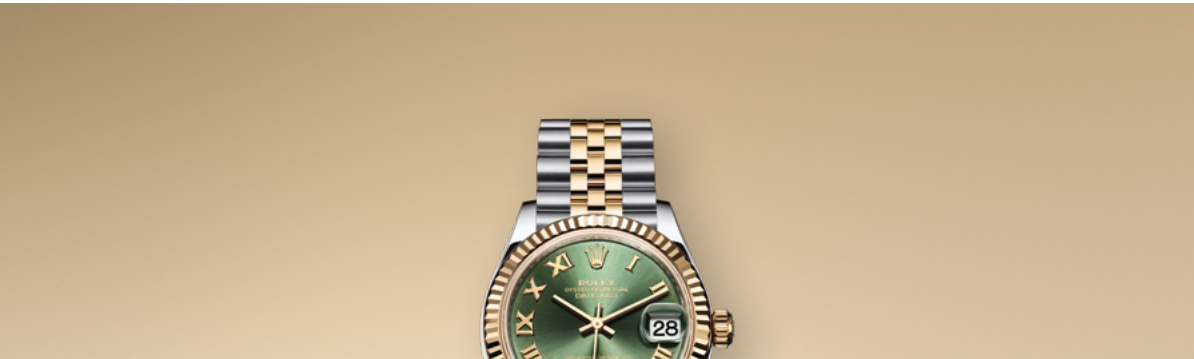

Two new variants of the Oyster Perpetual Datejust 31 join the Datejust range – one in a yellow Rolesor version (combining Oystersteel and 18 ct yellow gold), and the other in an Everose Rolesor version (combining Oystersteel and 18 ct Everose gold).

The first watch pairs an olive green, sunray-finish dial with 18 ct yellow gold hands and Roman numerals – the VI set with 11 diamonds – while the second features a rosé-colour, sunray-finish dial with hands and Roman

numerals in 18 ct pink gold. The light reflections on the case sides and lugs highlight the elegant profile of the 31 mm Oyster case, which is fitted with a fluted bezel.

Both combinations are equipped with calibre 2236, at the forefront of watchmaking technology, first introduced on the Oyster Perpetual Datejust 31 model in 2018.

Like all Rolex watches, the new Datejust 31 versions carry the Superlative Chronometer certification, which ensures excellent performance on the wrist.
