PEARLMASTER 39

PEARLMASTER 39

OYSTER, 39 MM, WHITE GOLD AND DIAMONDS

The Oyster Perpetual Pearlmaster holds a special place in the Oyster collection, as a watchmaking jewel expressing refinement and elegance. It represents the height of exquisiteness, with precious metals and gemstones.

18 CT GOLD

By operating its own exclusive foundry, Rolex has the unrivalled ability to cast the highest quality 18 ct gold alloys. According to the proportion of silver, copper, platinum or palladium added, different types of 18 ct gold are obtained: yellow, pink or white. They are made with only the purest metals and meticulously inspected in an in-house laboratory with state-of-the-art equipment, before the gold is formed and shaped with the same painstaking attention to quality. Rolex's commitment to excellence begins at the source.

PEARLMASTER BRACELET

The design, development and production of Rolex bracelets and clasps, as well as the stringent tests they face, involve advanced high technology. And, as with all the components of the watch, aesthetic controls by the human eye guarantee impeccable beauty. Both sensual and sophisticated, this solid gold bracelet with rounded five-piece links was created in 1992 for the launch of the Pearlmaster model. The Pearlmaster bracelet is always fitted with a concealed Crownclasp.

DIAMOND PAVED DIAL

Gem-setters, like sculptors, finely carve the precious metal to hand-shape the seat in which each gemstone will be perfectly lodged. With the art and craft of a jeweller, the stone is placed and meticulously aligned with the others, then firmly secured in its gold or platinum setting. Besides the intrinsic quality of the stones, several other criteria contribute to the beauty of Rolex gem-setting: the precise alignment of the height of the gems, their orientation and position, the regularity, strength and proportions of the setting as well as the intricate finishing of the metalwork. A sparkling symphony to enhance the watch and enchant the wearer.

3235 MOVEMENT

The new Pearlmaster 39 is equipped with a new generation movement, calibre 3235, entirely developed and manufactured by Rolex for a superlative level of performance. Certified as a Swiss chronometer by COSC (Swiss Official Chronometer Testing Institute), it is tested a second time by Rolex after being cased to ensure that in everyday use it satisfies Rolex's criteria for precision, which are twice as exacting as those for an officially certified chronometer. This control of the final precision of the assembled watch is carried out using a methodology and high-technology equipment specially developed by Rolex.

THE CYCLOPS LENS

The Cyclops lens enhances the date aperture, magnifying the date display for easy reading. It is one of the most distinctive Rolex features, and one of the most recognisable.

MODEL CASE

MODEL CASE

Oyster, 39 mm, white gold and diamonds

OYSTER ARCHITECTURE

Monobloc middle case, screw-down case back and winding crown

DIAMETER

39 mm

MATERIAL

18 ct white gold with lugs set with diamonds

BEZEL

Set with diamonds

WINDING CROWN

Screw-down, Twinlock double waterproofness system

CRYSTAL

Scratch-resistant sapphire, Cyclops lens over the date

WATER-RESISTANCE

Waterproof to 100 metres / 330 feet

MOVEMENT

MOVEMENT

Perpetual, mechanical, self-winding

CALIBRE

3235, Manufacture Rolex

PRECISION

-2/+2 sec/day, after casing

FUNCTIONS

Centre hour, minute and seconds hands. Instantaneous date with rapid setting. Stop-seconds for precise time setting

OSCILLATOR

Paramagnetic blue Parachrom hairspring. High-performance Paraflex shock absorbers

WINDING

Bidirectional self-winding via Perpetual rotor

POWER RESERVE

Approximately 70 hours

BRACELET

BRACELET

Diamond-set Pearlmaster, rounded five-piece links

BRACELET MATERIAL

18 ct white gold

CLASP

Concealed folding Crownclasp

DIAL

DIAL

Diamond-paved

GEM-SETTING

Diamond-paved dial

CERTIFICATION

CERTIFICATION

Superlative Chronometer (COSC + Rolex certification after casing)
